WHY RESIDENTIAL CAMPUS ?

DCSMAT is ideally located at Vagamon, on a sprawling 32-acre campus. The world-class infrastructure and extensive facilities, such as an amphitheater, conference halls, and food cafes, make it a state-of-the-art Township campus. We believe, professional education has to be residential to seek knowledge and wisdom. Vagamon offers a vibrant environment with visible events like festivals and competitions, driven by student leaders acquiring essential skills in planning, persuasion, and team management. Beyond these, the campus offers a plethora of resources, from round-the-clock library access and tech facilities to diverse activities catering to different learning styles, fostering growth through both solitary reflection and active engagement within a supportive community.
